# **Updated!**

**The Newest Addition in Living Room**

**Introducing: The Mini Wall of Sound.**

**In the Phil Spector/Grateful Dead Sound Tradition.**

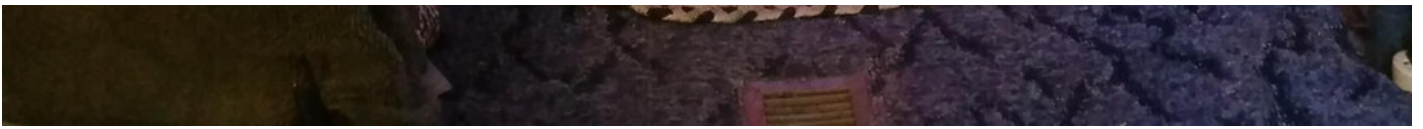

[https://en.wikipedia.org/wiki/Wall\\_of\\_Sound\\_\(Grateful\\_Dead\)](https://en.wikipedia.org/wiki/Wall_of_Sound_(Grateful_Dead))

**This system is fed from the studio with a Heavy Duty 30' Stereo RCA cord. It can be hooked to any**

**output required. It also has a BT5 APTX LL stereo  
reciever hooked to the preamp aux. for  
standalone use via mobile devices.**

## **The New Mini Wall of Sound consists of the following:**

Carver Model C-4000 Preamp with Sonic Holography

Carver Model 1.5t 1200 Watt Amplifier

Teac Model EQA-10 Graphic Equalizer/Spectrum Analyzer

Sanyo Model DC-100 AM/FM Audio Receiver 100 Watts

Pyle Pro PADH1529 Speakers 400 Watts RMS X2

Pioneer Model CBR-590 Speakers 100 Watts X2

Roadmaster 7" Passive SubWoofer Tube 100 Watts

RCA Pro Model CS55 40-5011 Center Speaker w/Linaeum
